CITY OF MILROY
UTILITY POLICY AND RATES
AS OF JANUARY 1, 2027

GENERAL INFORMATION

1. The city distributes bills every month for utilities, which include water, sewer and garbage.
2. These bills are for the previous month in which they were billed. Ex: The bill received at the beginning of February is for charges in January.
3. Water rates are charged based upon the amount of water used during that billing cycle.
4. Utility customers are charged for the installation of the water meter, $50.00 per hour is the usual charge. If this meter needs any work done to it the $50.00 per hour is the usual charge.
5. Sewer rates are based on gallons of water used.
6. Each property owner pays a one-time charge for connecting to the city's sanitary sewer known as a connection charge, the fee for this connection is currently $1,000.00. This fee becomes fully due when the connection is made.
7. Each property owner pays a one-time charge for connecting to the city's water known as a connection charge, the fee for this connection is currently $1,000.00. This fee becomes fully due when the connection is made.
8. Utility customers are charged a fee for their water meter; $150.00 is the usual charge. This is non-refundable.
9. When property owners are selling/transferring property, the billed charges will not be prorated. Ex: If you switch at any time during the billing cycle the set fees of sewer, garbage, WIF, SIF will not be prorated and added to each bill.
10. 6.875% sales tax is applied to water consumption for commercial users only.
11. 17% sales tax is applied to garbage generators for commercial users only.
12. 9.75% sales tax is applied to garbage generators for residential users only.
13. There is a charge of $1.27 per month for the Minnesota Department of Health. These funds collected by cities are sent to the MDH. The MDH uses these funds to cover the expenses involved with the testing of public water systems in the state.
14. A 10% late fee will be added to all bills not received by the 15th of the month. Late Fees will be posted on any account that has not had a payment by the beginning of the next business day following the due date. Ex: the due date is the 15th, when I walk into the door on the morning of the 16th, or the next business day, all payments in the drop box, received electronically at that time will be posted and then afterwards late fees will be posted on all accounts not paid by the time I arrive to work. If you mail your payments, be sure to give them time to arrive by the 15th. No partial payments will be accepted accounts must be paid in full.
15. Disconnection letters will be sent on the 16th of the month, or the next business day, and due by the 25th of the month to avoid disconnection. If disconnected, a charge of $50.00 will be needed before reconnection during business hours, if turn on is requested after business hours the charge will be $100.00.
16. If your bank returns your check to the city your water will be disconnected at once and a charge of $35.00 will be charged for the returned check, plus the reconnection fee of $50.00 during business hours or $100.00 if after business hours. This is per incident. The city will only accept cash or a money order for this incident. The city does not hold checks. The city does not deposit checks more than once.
17. If you choose to turn the utilities off at the curb, there will be a $50.00 disconnect fee and a $50.00 reconnect fee.
18. Utility customers are charged a $28.00 Water Base Fee (WBF) and a $17.00 Sewer Base Fee (SBF) this is on each billing cycle and still charged if services are stopped.
19. Residential Apartments/Multiple Dwellings are billed per unit for the WBF and SBF. Water is billed based on the meter Usage and sewer are based on gallons of water used.
